

Pitney Bowes. E-Commerce logistics.
Only easier.

PROVIDING TOP RETAILERS ACCESS TO THE LARGEST USPS DELIVERY AND RETURNS NETWORK.

Delivering best-in-class services to retailers across North America.

How it Works

Pitney Bowes Global E-Commerce is the only full-service provider (Fulfillment, Delivery, Returns and Cross-Border Services) that focuses exclusively on E-Commerce logistics. Last year we supported the movement of 809 million E-Commerce parcels globally.

Flexible Services for Your Business

- Our services are designed to be modular and flexible so that we can configure them to the unique needs of your business.
- We're not just a carrier — we're an extension of your transportation team with a national network and solutions we model to meet the demands of today's buyers.
- Our consultative teams collaborate, consolidate and uncomplicate parcel delivery so that you can spend more time focusing on your business goals.
- Our primary focus is to make E-Commerce logistics easier while maintaining our award-winning commitment to logistics sustainability.
