

Integrated Point2Point Shipping Services

Achieve Seamless, Scalable E-Commerce Logistics with ProShip

Cutting-Edge P2P Services

Parcel Flex Cost-effective, customized domestic and international shipping

Cargo Direct Reliable, time-definite ground and air services

White Glove Premium delivery with careful handling and assembly

Fulfillment Storage, packaging, assembly, and distribution services

Returns Simplified global reverse logistics and returns management

It takes a strategic mix of carriers and tailored solutions that can adapt to the ever-changing demands of e-commerce to reach the full potential of your business. ProShip's partnership with Point2Point Global (P2P) helps bridge the gap between retailers and distributors in both domestic and international markets. By seamlessly integrating P2P services directly into ProShip multi-carrier shipping software, businesses can deliver efficient, cost-effective, and highly customizable parcel shipping experiences.

Benefits of the P2P + ProShip Partnership

- *Seamlessly integrate Point2Point services into your existing ProShip platform.*
- *Enhance flexibility with access to a wide range of P2P services like Parcel Flex, Cargo Direct, Fulfillment, Returns and more.*
- *Extend capabilities to new markets utilizing P2P's international services.*
- *Boost logistics performance with best-in-class domestic and cross-border solutions.*
- *Easily scale your operations with quick, efficient processing that adapts to shifting demands.*

Expand Your Shipping Options with Integrated Point2Point Services

- **Broaden your reach** with reliable local delivery networks worldwide, ensuring seamless final-mile service for every customer.
- **Optimize complex shipping** with P2P's SETA platform, providing customized pricing, speed, and flexibility.
- **Gain real-time visibility & ensure compliance** with event-driven tracking and regulatory complaint solutions.
- **Streamline workflows** with smooth connectivity to third-party systems while customizing notifications and billing to match your business needs.
- **Leverage expert logistics** oversight to manage carrier partnerships and deliver innovative, time-sensitive solutions.
