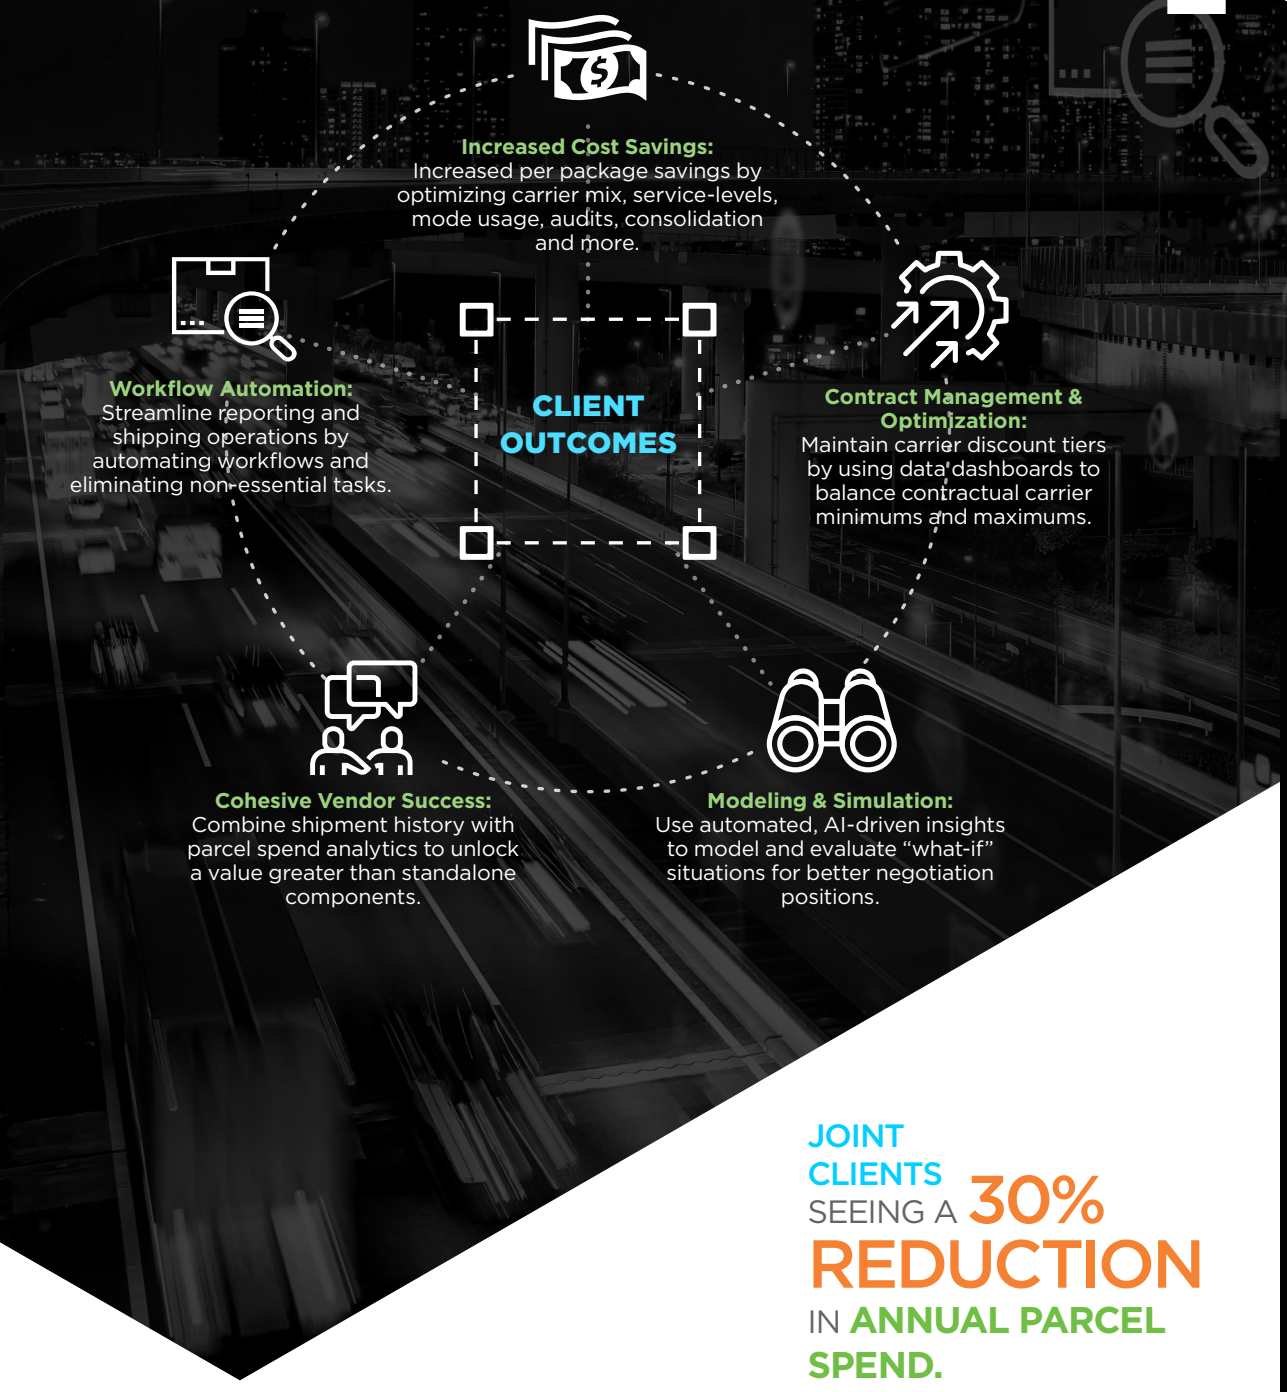
REVEEL + PROSHIP

Analyze and optimize all shipment activity within your transportation network.

ProShip

Reveel®



A SMARTER APPROACH TO PARCEL SAVINGS.

ACCUMULATE: Capture end-to-end shipment data in a single, centralized feed.

AUTOMATE: Bring financial transparency and automate invoice auditing, reporting and shipping systems to eliminate none value-added workforce activities.

CENTRALIZE: Unify live and historical carrier spend and performance data into a single, comprehensive view.

UNDERSTAND: Combine and leverage your team's KPI expertise with Reveel + ProShip to interpret and analyze data feeds with insights.

ACT: Continuously refine your multi-carrier execution strategy by adjusting changes in rate shop groups, negotiation positioning, and modifications in carrier service, additions, and exclusions to drive better results.

JOINT CLIENTS SEEING A **30% REDUCTION** IN **ANNUAL PARCEL SPEND.**

Accessing real-time actionable shipping data.
Unlock the full potential of your shipping strategy.

With ProShip's cutting-edge automation and Reveel's AI-powered cost intelligence, businesses gain full visibility, better control, and lower costs in parcel shipping. With ProShip + Reveel, your business can:

- Eliminate wasteful spend
- Optimize carrier networks
- Monitor every shipment at the order level
- Ensure cost and performance alignment—from label to doorstop

ProShip x Reveel: What's Included

Automate Multi-Carrier Rate Shopping:
ProShip ensures businesses get the fastest, most cost-effective delivery option in real time.

Reduce Hidden Carrier Costs:
Reevel's AI-powered analytics uncover surcharges, inefficiencies, and hidden costs to optimize spend.

Improve Shipping Performance:
Track and measure key shipping KPIs to drive efficiency across fulfillment operations.

End-to-End Order Visibility:
Reveel's order matching bridges the gap between shipping data and ERP/order data—turning raw parcel invoices into actionable business insights.

Gain Negotiation Power:
With actionable insights, businesses can secure better carrier agreements and eliminate overspending on accessorials, minimums, DIM fees, and more.

"This partnership with ProShip is a game-changer for any business that treats shipping as a strategic advantage. By combining ProShip's world-class shipping automation with Reveel's unparalleled visibility into carrier performance and cost structure, we're giving companies the power to not just ship smarter—but more profitably. Together, we're helping brands **eliminate waste**, **hold carriers accountable**, and **turn shipping into a competitive edge**."

— Josh Dunham, Co-Founder and CEO, Reveel

"At ProShip, we believe that true efficiency comes from deep understanding. Our collaboration with Reveel provides a powerful lens into our customers' shipping operations, transforming raw data into actionable intelligence. This partnership equips businesses with the clarity they need to **optimize their carrier relationships**, **improve performance**, and ultimately, **gain a competitive advantage**."

— Bill Schroeder, President, ProShip
